

# 2016 Highest Temperatures

Data preliminary and subject to change  
Through December 28, 2016

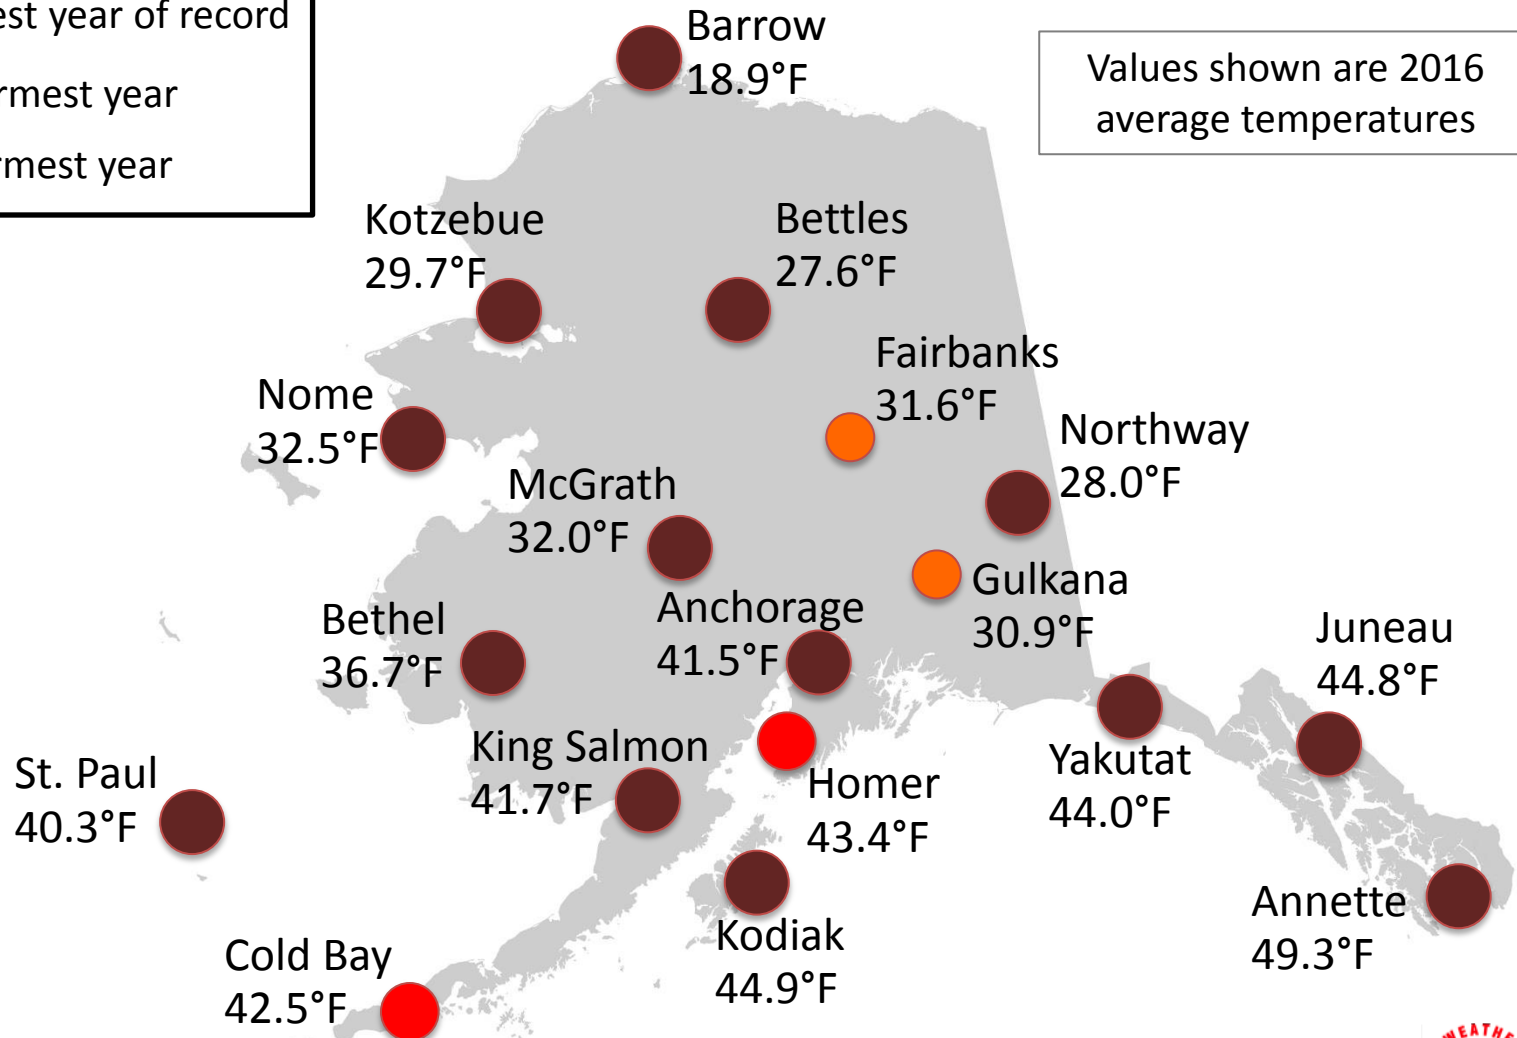

# 2016 Lowest Temperatures

# 2016 Alaskan Warmth

- Warmest year of record
- 2<sup>nd</sup> warmest year
- 3<sup>rd</sup> warmest year

Values shown are 2016 average temperatures

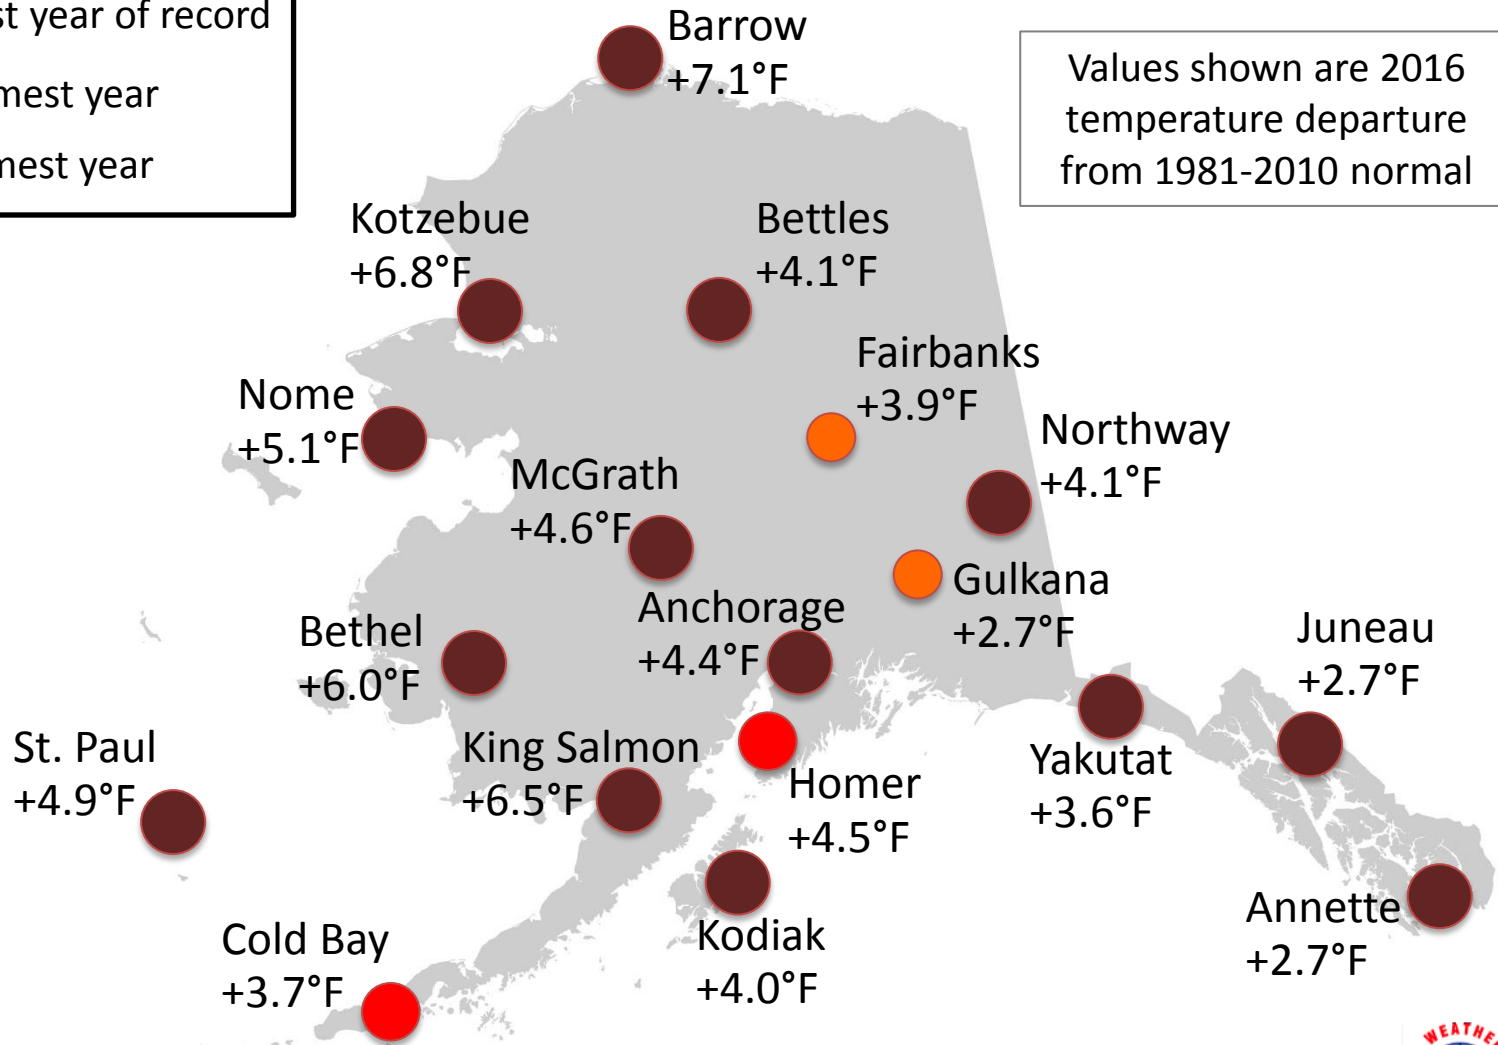

Data preliminary and subject to change

# 2016 Alaskan Warmth

- Warmest year of record
- 2<sup>nd</sup> warmest year
- 3<sup>rd</sup> warmest year

Values shown are 2016 temperature departure from 1981-2010 normal

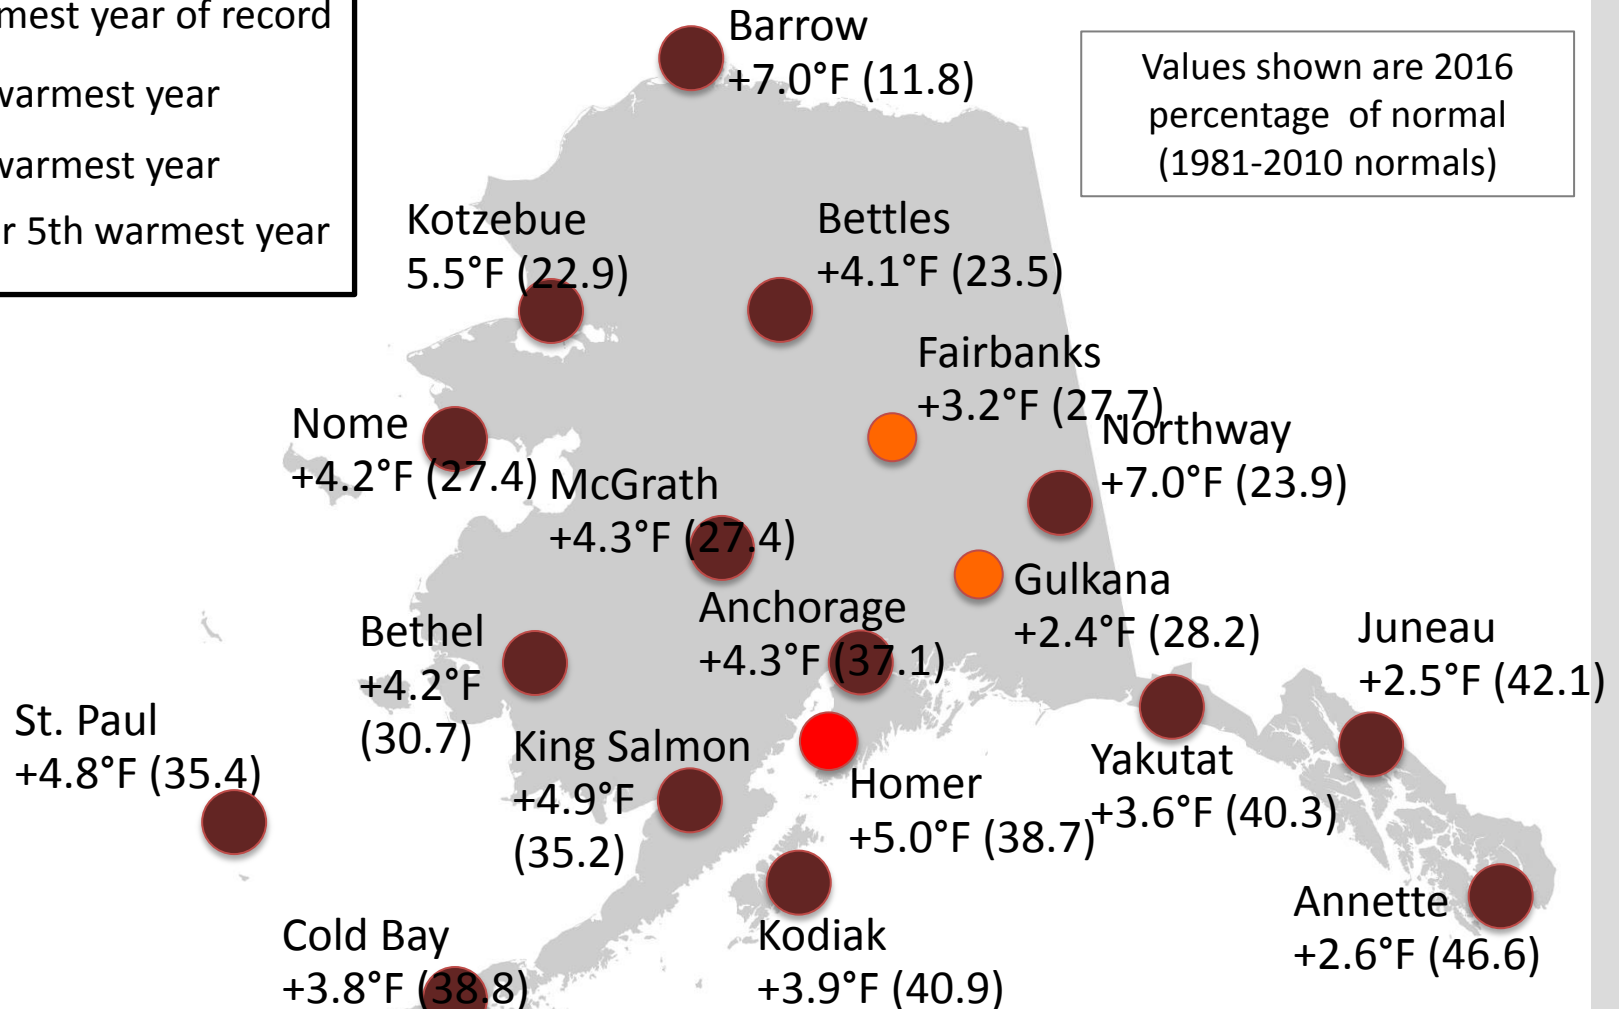

Data preliminary and subject to change

# 2016 Alaskan Precipitation

- Warmest year of record
- 2<sup>nd</sup> warmest year
- 3<sup>rd</sup> warmest year
- 4<sup>th</sup> or 5<sup>th</sup> warmest year

Values shown are 2016  
percentage of normal  
(1981-2010 normals)

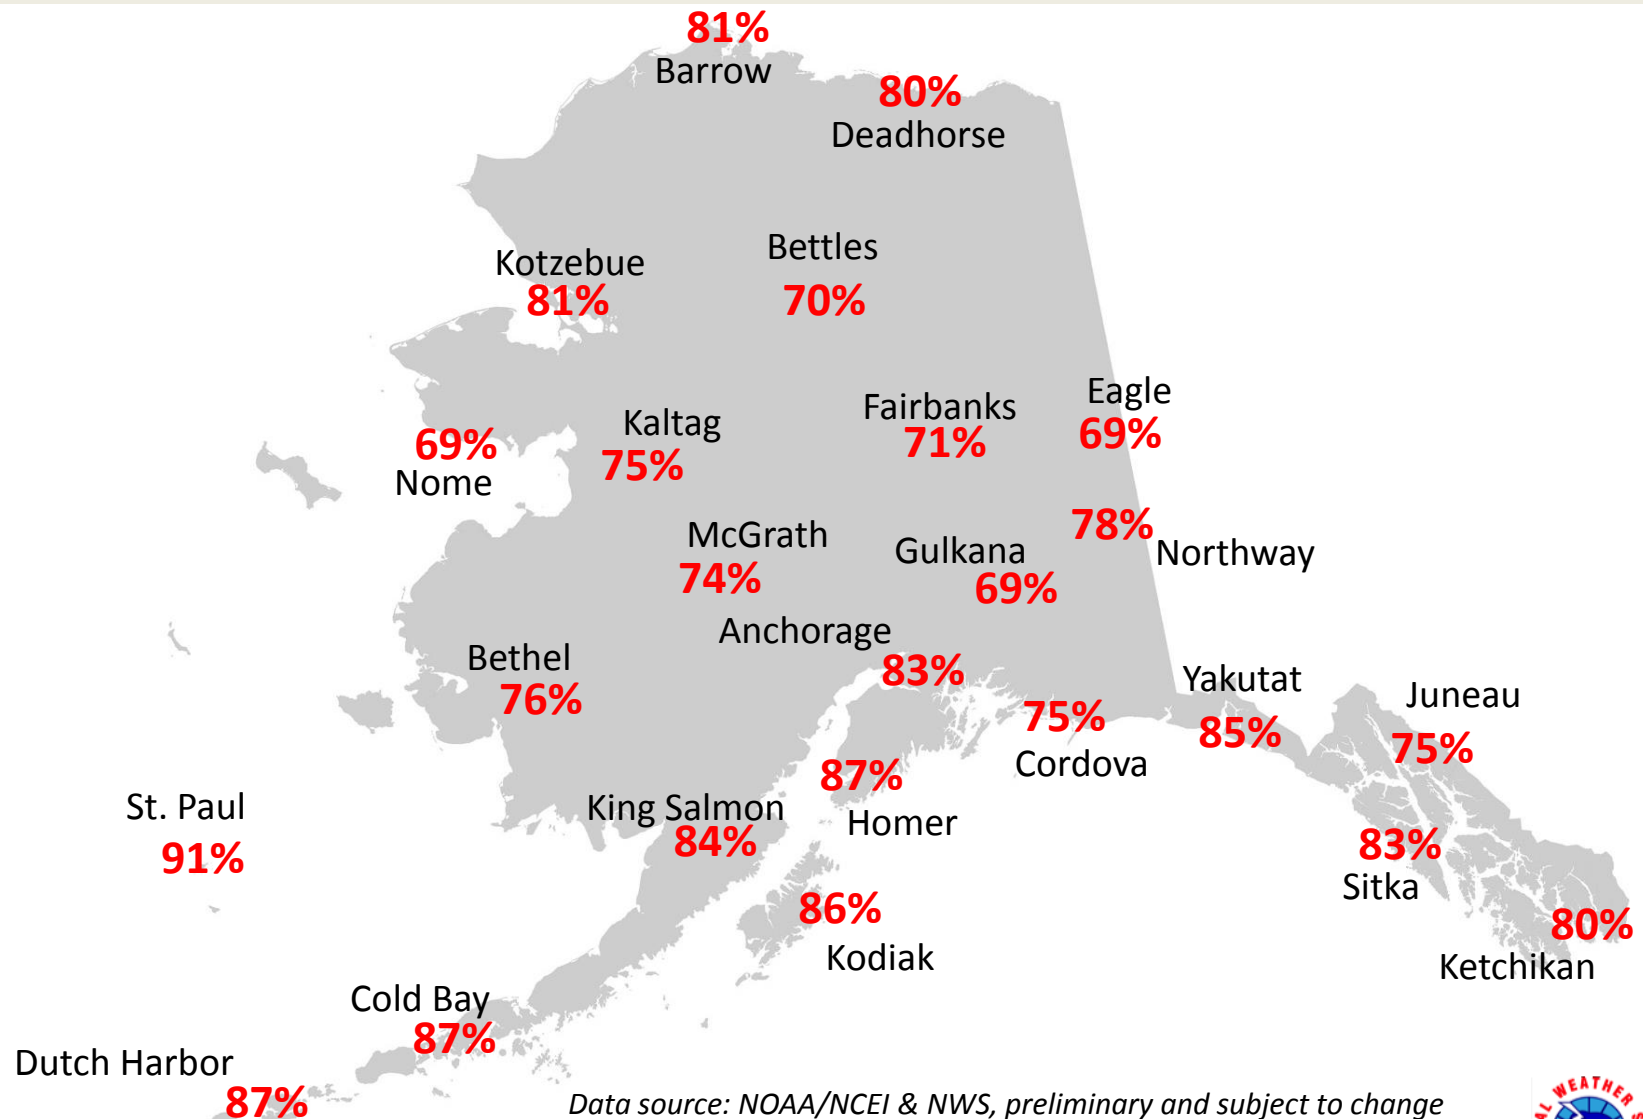

Data preliminary and subject to change  
Through December 28, 2016

# 2016 Alaska Warmth

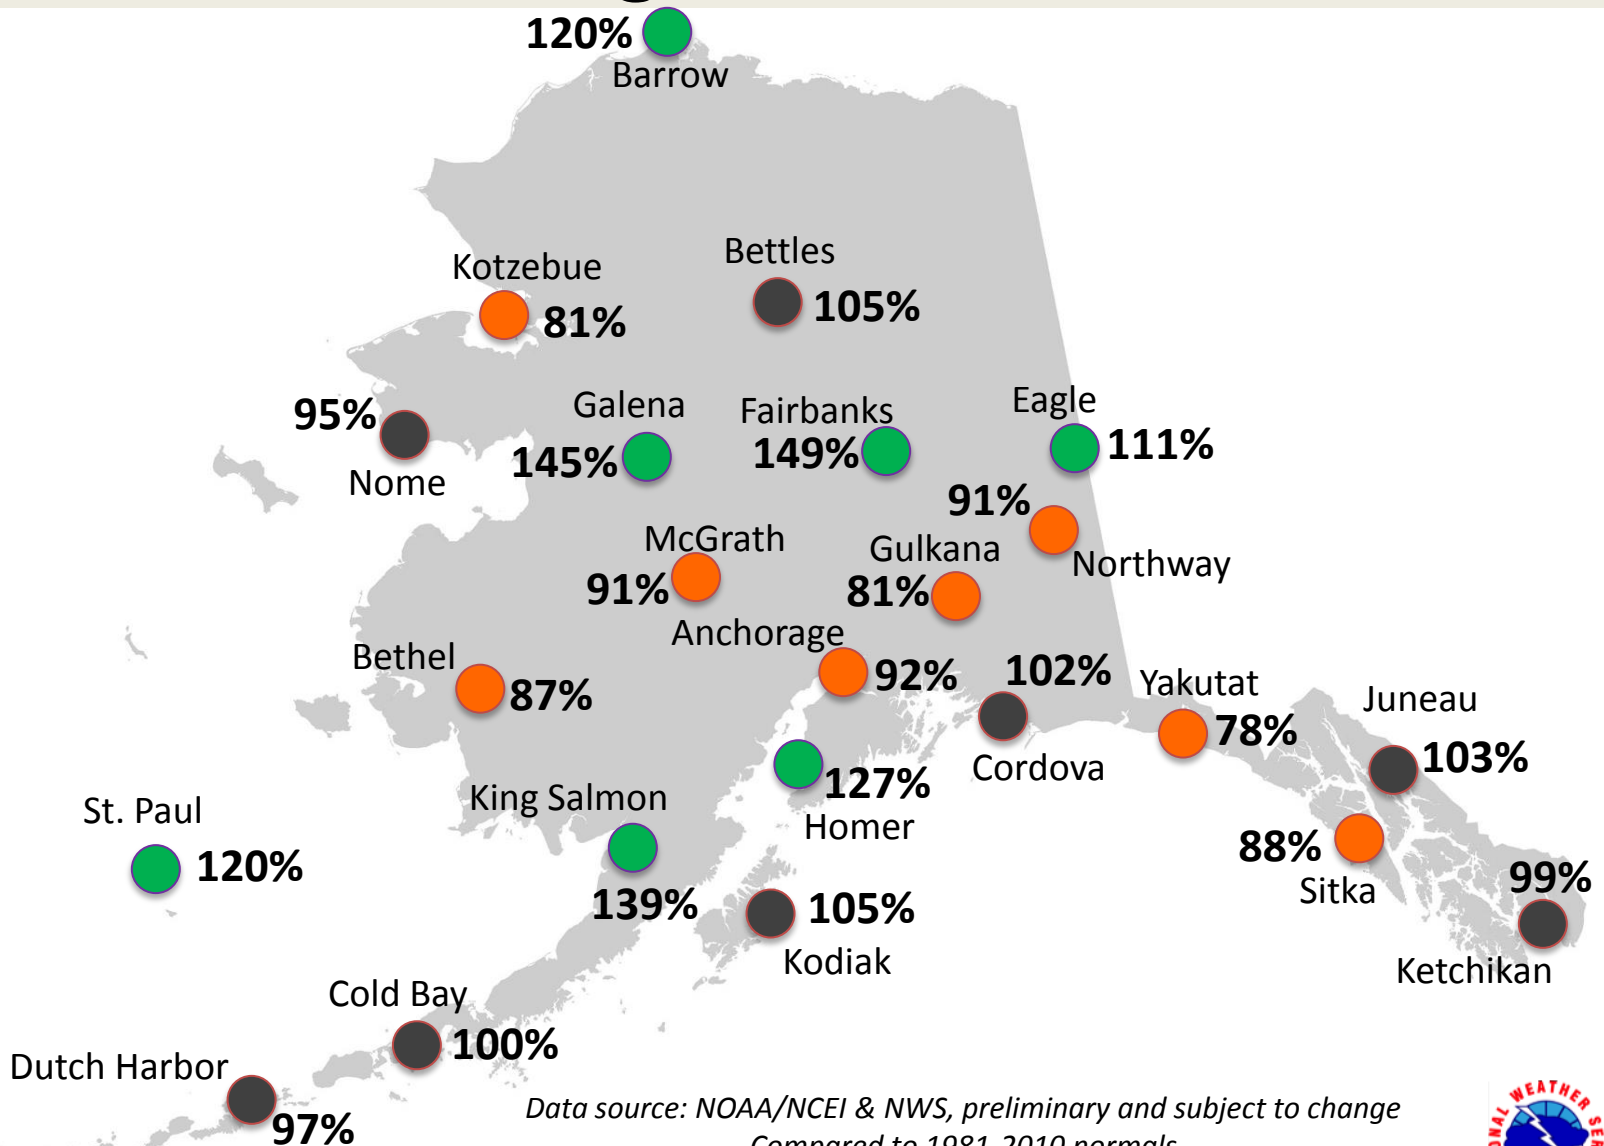

## Percent of days above normal

Data source: NOAA/NCEI & NWS, preliminary and subject to change  
Compared to 1981-2010 normals

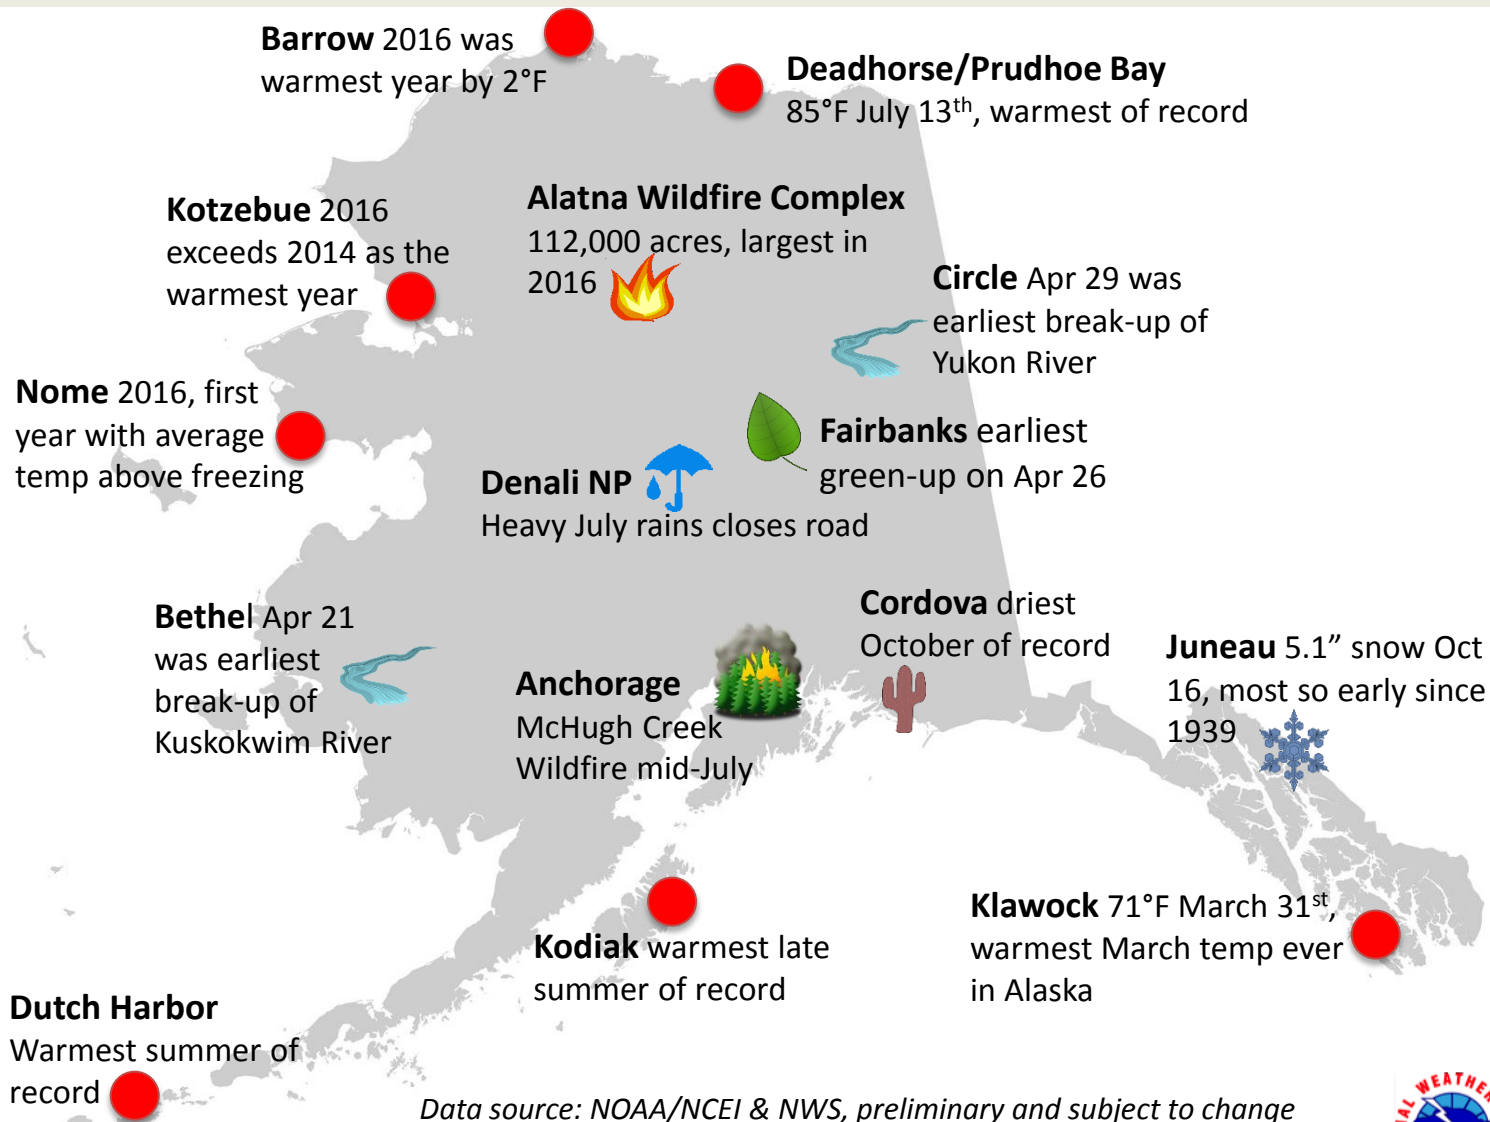

# 2016 Alaska Precipitation Percentage of Normal

Data source: NOAA/NCEI & NWS, preliminary and subject to change  
Compared to 1981-2010 normals

# 2016 Alaska Weather & Climate Highlights

Data source: NOAA/NCEI & NWS, preliminary and subject to change

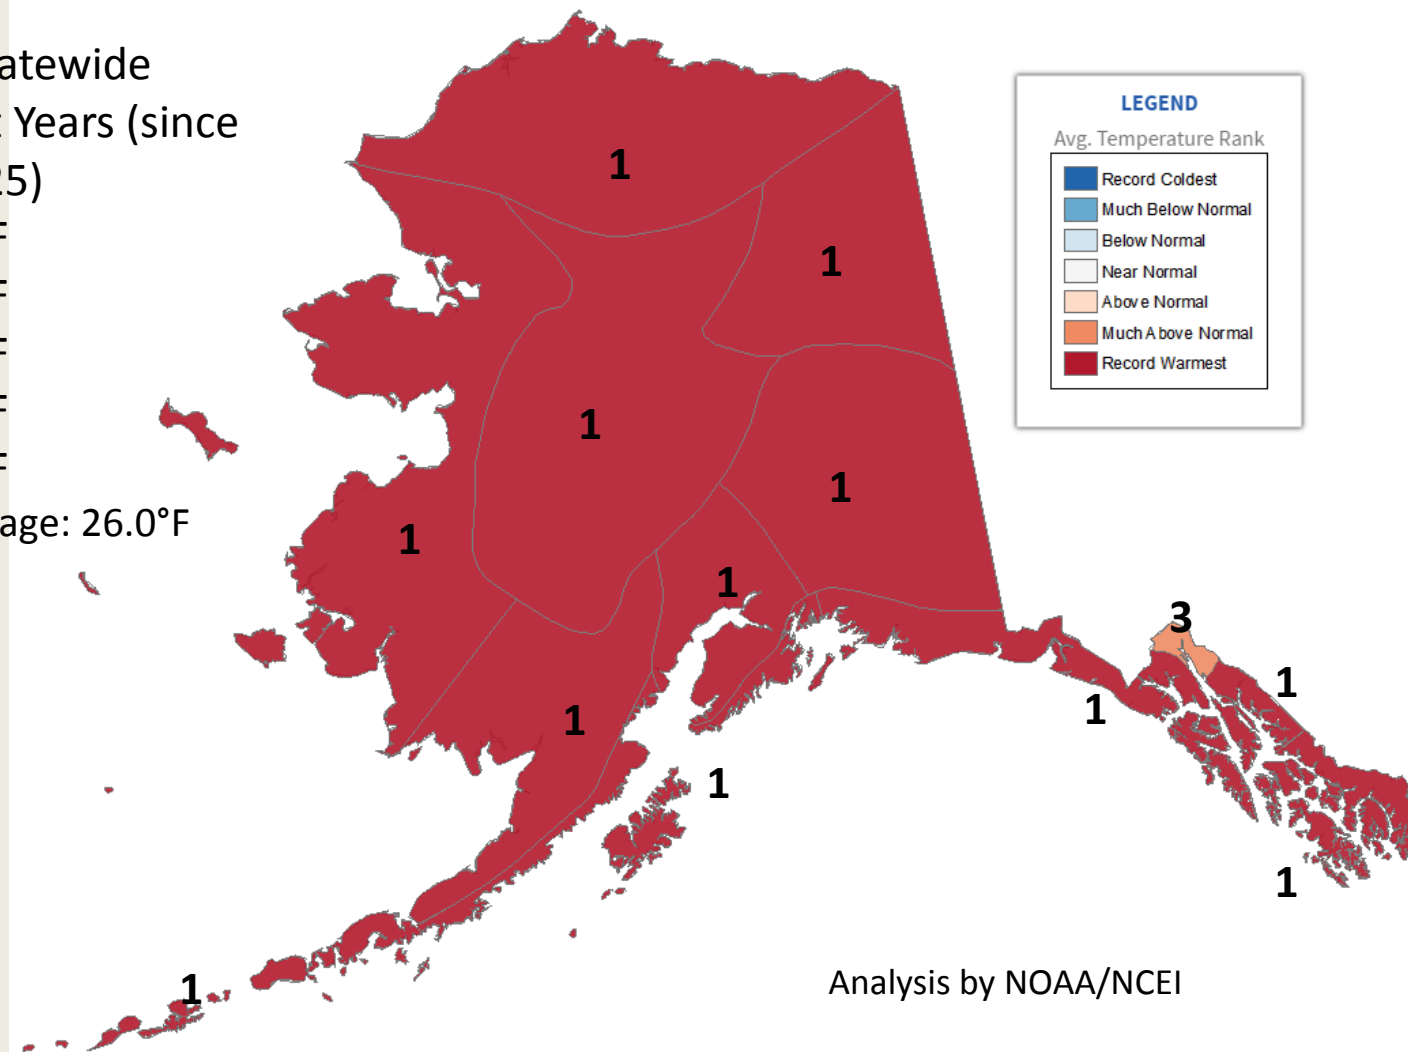

# 2016: Warmest Year in Alaska

Climate Division Ranking (1=warmest, 92=coldest)

## Alaska Statewide Five Warmest Years (since 1925)

- 2016 31.9°F
- 2014 30.3°F
- 2015 30.1°F
- 2002 30.1°F
- 1993 29.9°F

20<sup>th</sup> century average: 26.0°F
