

How to Assess Food Security from an Inuit Perspective: Building a Framework on How to Assess Food Security in the Alaskan Arctic

Carolina Behe
Inuit Circumpolar Council Alaska
Local Environmental Observation Presentation
July 10, 2012

PRESENTATION OUTLINE

- Life In The Arctic
- What is Food Security
- Why a Framework Is Needed
- Methodology
- Sharing the Framework

Food Security

COMMUNITY CONCERNS

- TEMPERATURES & ICE COVERAGE
- INDUSTRY ACTIVITY
- SPECIES DISTRIBUTION AND ABUNDANCE
- EROSION RATES AND STORM SURGES
- SPECIES WELLNESS
- TOXICITY LEVELS
- CULTURAL RELATIONSHIP WITH THE ENVIRONMENT

A photograph of two women standing behind a wooden table outdoors. The table is covered with a black tarp and has several large pieces of salmon fillets laid out on it. The woman on the left is wearing a grey jacket and has her hair tied back. The woman on the right is wearing a red hooded jacket. In the background, there is a wooden building with a red roof and a blue-roofed structure. The scene is set in a grassy area under an overcast sky.

TRENDS AND DRIVERS OF FOOD IN/SECURITY

Sam Tawarak

How to Evaluate Arctic Food Security

- Build a Framework Based on The Inuit Perspective
- Draw Together Multiple Sources of Knowledge
- Incorporate The Human Dimension
- Increase Understanding of the Arctic

Methodology

- Gap analysis
- Community involvement
- Sharing the framework

Thank you!
